I. **Welcome** - Call to Order at 2:33 p.m.

II. **Approval of Agenda & Minutes from last meeting (December 13, 2023)** - *motion to approve by Devon Brown, second by Kara Jenkins*

III. **Program Highlights**

LCAP Updates (Joy Farkas)

There are 3 goals:

1) All students will demonstrate growth towards meeting or exceeding standards in ELA and Math

2) English learners will demonstrate growth on the state LCAP as well as more students scoring above at the grade level standards

3) Increase the percentage of students who feel the school is safe and supportive environment with strong adult relationships and a sense of belonging

LCAP was a three year plan. This next year we will need to look at all the actions; did we make our goal; if not, why not; what actions are working or not working; revise or add new things

2024-2025 Staff Openings (Cindy Gist)

We don't know exactly what we have for openings. We'll know after farm show when staff fill out their intent. Right now we have three openings on Edjoin that we posted. We don't plan on going to the teacher fair next Friday. I won't say specific grade levels right now because we just know if our teachers wants to teach a different grade level. I don't know if we'll have any openings on classified staff. We might have an opening in the area of maintenance and an opening in the area of cafeteria.

School Accountability Report Card (SARC) (Joy Farkas)

Handout was given with only odd pages copied but full document is listed on the website; percentages listed are for 2022-2023 school year

Summer School (Lisa Lopez)

In February after admin meeting with Farkas and Gist, I'll start putting plans together for summer school; I'll get the letters ready to go out; depending on budget if it'll be open or narrow for enrollment and it classes need to be capped; it will start June 10th and go through June 27th. Monday through Thursday, Fridays off

Student Representatives (Jiannah Freitas)

Fundraising this week and last week all for kids day; one fundraiser was penny wars: see which class bring the most pennies but other classes can put you down by bringing

quarters and dollars (anything but pennies is negative); raised over \$1000 with penny wars; another fundraiser is valentines bear-this sold out the first week; kids day cookies are sold out; these are sold for a \$1 and we make .50 cents on them; next year they might sell them for \$2 because they're so popular; valentines decoration door contest; upcoming rally on Feb 22nd outside behind the cafeteria stage; hoping to schedule a staff against students basketball and/or volleyball game if multipurpose room is finished

IV. Advisory, Curriculum & Instructional Updates

EL Update (Mackenzie Souza): testing opened up Feb 1; Ms. Jamaica and I started testing 3rd through 5th grade, which is the biggest group; so we worked together and finished up today except a couple students that were absent; we will start 2nd through TK soon; testing is on reading/writing/listening/speaking in English

CAASPP Testing (Cindy Gist): (handout given) this is state testing percentages; this is all public information on the dashboard on the website

Joey Pursell Clever and Technology

Clever is a single sign on program; it allows the students to sign in to one program and it gives them access to all/some of the programs that we use; TK through 8th grade; it auto rosters new students to the program and to specific teachers; its encrypted as well; when students sign in to Clever at home it allows them to access the same programs that they do at school; this was the first year we've used it

Technology: I bring my bee bots into TK through 1st grade; a robotic bee that you code; 2nd and 3rd grades using cubelit robotics; 4th grade using lego robotic kits; Jr High does film and edit, morning broadcast

V. Action Updates (Joy Farkas)
