

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Sundale UESD

CDS Code: 54 72173 6054399

School Year: 2022-23

LEA contact information:

Cindy Gist

Principal

cindy.gist@sundale.org

5596887451

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2022-23 School Year

Projected Revenue by Fund Source

This chart shows the total general purpose revenue Sundale UESD expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Sundale UESD is \$10,133,414, of which \$7,881,881 is Local Control Funding Formula (LCFF), \$898,913 is other state funds,

\$408,439 is local funds, and \$944,181 is federal funds. Of the \$7,881,881 in LCFF Funds, \$629,015 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Sundale UESD plans to spend for 2022-23. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Sundale UESD plans to spend \$10,147,230 for the 2022-23 school year. Of that amount, \$1,298,898 is tied to actions/services in the LCAP and \$8,848,332 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Staff salaries including, some teachers and classified staff, administration, managers, maintenance, cafeteria staff as well as funding some curriculum, technology, special Education services and costs related to furniture.

Increased or Improved Services for High Needs Students in the LCAP for the 2022-23 School Year

In 2022-23, Sundale UESD is projecting it will receive \$629,015 based on the enrollment of foster youth, English learner, and low-income students. Sundale UESD must describe how it intends to increase or improve services for high needs students in the LCAP. Sundale UESD plans to spend \$629,015 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2021-22

This chart compares what Sundale UESD budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Sundale UESD estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2021-22, Sundale UESD's LCAP budgeted \$563,829 for planned actions to increase or improve services for high needs students. Sundale UESD actually spent \$598,693 for actions to increase or improve services for high needs students in 2021-22.

Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Sundale UESD	Cindy Gist Principal	cindy.gist@sundale.org 5596887451

California’s 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. The following is a one-time mid-year report to the local governing board or body and educational partners related to engagement on, and implementation of, these Acts.

A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).

Sundale did not receive additional LCFF Concentration Grant Add-on funds due to our Unduplicated Count. Sundale did receive other funding which has supported our LCAP goals which include ESSER III, Expanded Learning Opportunities Grant as well as the Educator Effective Block Grant. Education partners were included in the development of the use of these funds via electronic surveys, staff and parent meetings, board meetings and parent question/answer sessions.

A description of how the LEA used, or plans to use, the additional concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.

Sundale School did not receive the additional concentration grant add-on therefore this section is not applicable.

A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.

Educational partners were involved in the following meetings to discuss and plan how the additional funds are to be used at Sundale. The following meetings were held with the specific groups: PTO/PAC Meetings: 4/6, 9/7 and 12/7; School Site Council/DELAC Meetings: ;

an4/21; 8/18; 12/15; Local Bargaining Units: 3/18; 5/10; 8/20. Staff Meetings (including teachers, administration and classified staff): 3/19; 4/2; 8/19. Parent Question/Answer Sessions: 4/16; 7/6; 7/28; 8/16. Staff Survey 9/9. Sundale held parent meetings via zoom with translation provided in Spanish. Parents were notified of meetings through all call phone messages as well as through social media. Parents shared their thoughts and ideas at PTO, School Site Council, and Parent Question/Answer sessions held monthly with the Administration. Sundale utilized primarily meetings via zoom although currently parents have the option of attending in person or via zoom. The input received from all Educational Partners was positive in addressing what Sundale currently has in place and excited for the additional opportunities for the students.

A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.

Sundale is continuing to gather insight of the implementation data of the ESSER III plan due to its recent adoption this Winter. Currently what has been recognized is the additional support staff hired to assist with learning loss as well as assisting staff, students and families with COVID protocols has benefited staff and students to not take away from regular duties and assignments that have been in place to support our students. Sundale also hired a full time substitute which has benefited the continued learning to take place with consistent and familiar staff for students. It has also allowed for Sundale to adjust classified schedules to provide for more support to our students with disabilities. Sundale has hired three retired teachers to assist in various areas where needed to support our students academically and social-emotionally. The hiring of an Independent Study teacher has better supported our students who are participating in that type of learning and keeping our teachers focused on the students they have in person. This additional funding has also benefited greatly to offer opportunities for students to attend school during intercession times. These opportunities are taught by certificated teachers, supporting our students academically to address their learning gaps and needs. The challenges have been with staffing. Finding substitutes for teachers and coverage for classified. The testing protocol on campus has also been a challenge with the number needing to be testing and taking staff to do that.

A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA’s 2021–22 LCAP and Annual Update.

Sundale has had continuous In-Person Learning this school year. The Return to Safe In-Person and Continuity of Services Plan has coordinated well with the ESSER III Expenditure Plan and the LCAP to enable Sundale to stay safe and keep students in school while following CDPH Guidelines and working towards meeting the LCAP Goals. Sundale staff continue to conduct healthy hygiene lessons to the students as staff are continued to be trained on safe practices. Staff, parents and students are communicated with frequently by the Administration through in person meetings as well as via zoom to keep all informed of practices that are in place and address questions. Stable cohort groups are in place, hand sanitizer stations and water bottle fill stations available throughout campus, students are limited with sharing items, face coverings available, regular cleaning and disinfecting continuing to take place by maintenance staff as well as classroom

teachers on a daily basis and COVID Health Screenings done daily by staff as well as COVID testing for staff and students. The ESSER III Expenditure Plan aligns with both the LCAP and the Safe In-Person Continuity of Service Plan by purchases being made for HVAC Systems with air purifiers, additional staff hired to assist with the additional COVID requirements this has enabled Sundale to improve school facility improvements to reduce the risk of students/staff transmission of the virus and impacting student's learning. In order to meet the metrics in our LCAP, it is essential to ensure the safety of our students and staff are taken care of in order to keep both staff and students on campus and learning to help close the learning gaps created during school closure.

Instructions for the Supplement to the Annual Update for the 2021–22 Local Control and Accountability Plan Year

For additional questions or technical assistance related to the completion of the Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan (LCAP), please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction

California's 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. Section 124(e) of Assembly Bill 130 requires LEAs to present an update on the Annual Update to the 2021–22 LCAP and Budget Overview for Parents on or before February 28, 2022, at a regularly scheduled meeting of the governing board or body of the LEA. At this meeting, the LEA must include all of the following:

- The Supplement to the Annual Update for the 2021–22 LCAP (2021–22 Supplement);
- All available mid-year outcome data related to metrics identified in the 2021–22 LCAP; and
- Mid-year expenditure and implementation data on all actions identified in the 2021–22 LCAP.

When reporting available mid-year outcome, expenditure, and implementation data, LEAs have flexibility to provide this information as best suits the local context, provided that it is succinct and contains a level of detail that is meaningful and accessible for the LEA's educational partners.

The 2021–22 Supplement is considered part of the 2022–23 LCAP for the purposes of adoption, review, and approval, and must be included with the LCAP as follows:

- The 2022–23 Budget Overview for Parents
- The 2021–22 Supplement
- The 2022–23 LCAP

- The Action Tables for the 2022–23 LCAP
- The Instructions for the LCAP Template

As such, the 2021–22 Supplement will be submitted for review and approval as part of the LEA’s 2022–23 LCAP.

Instructions

Respond to the following prompts, as required. In responding to these prompts, LEAs must, to the greatest extent practicable, provide succinct responses that contain a level of detail that will be meaningful and accessible for the LEA’s educational partners and the broader public and must, to the greatest extent practicable, use language that is understandable and accessible to parents.

In responding to these prompts, the LEA has flexibility to reference information provided in other planning documents. An LEA that chooses to reference information provided in other planning documents must identify the plan(s) being referenced, where the plan(s) are located (such as a link to a web page), and where in the plan the information being referenced may be found.

Prompt 1: *“A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).”*

In general, LEAs have flexibility in deciding what funds are included in the LCAP and to what extent those funds are included. If the LEA received funding through the Budget Act of 2021 that it would have typically included within its LCAP, identify the funds provided in the Budget Act of 2021 that were not included in the LCAP and provide a description of how the LEA has engaged its educational partners on the use of funds. If an LEA included the applicable funds in its adopted 2021–22 LCAP, provide this explanation.

Prompt 2: *“A description of how LEA used, or plans to use, the concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.”*

If LEA does not receive a concentration grant or the concentration grant add-on, provide this explanation.

Describe how the LEA is using, or plans to use, the concentration grant add-on funds received consistent with California *Education Code* Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

In the event that the additional concentration grant add-on is not sufficient to increase the number of staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, describe how the LEA is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Prompt 3: “A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.”

If the LEA did not receive one-time federal funding to support recovery from the COVID-19 pandemic and the impacts of distance learning on students, provide this explanation.

Describe how and when the LEA engaged its educational partners on the use of one-time federal funds it received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on students. See the COVID-19 Relief Funding Summary Sheet web page (<https://www.cde.ca.gov/fg/cr/relieffunds.asp>) for a listing of COVID-19 relief funding and the Federal Stimulus Funding web page (<https://www.cde.ca.gov/fg/cr/>) for additional information on these funds. The LEA is not required to describe engagement that has taken place related to state funds.

Prompt 4: “A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.”

If an LEA does not receive ESSER III funding, provide this explanation.

Describe the LEA’s implementation of its efforts to maintain the health and safety of students, educators, and other staff and ensure the continuity of services, as required by the federal American Rescue Plan Act of 2021, and its implementation of the federal Elementary and Secondary School Emergency Relief (ESSER) expenditure plan to date, including successes and challenges.

Prompt 5: “A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA’s 2021–22 LCAP and Annual Update.”

Summarize how the LEA is using its fiscal resources received for the 2021–22 school year to implement the requirements of applicable plans in a manner that is aligned with the LEA’s 2021–22 LCAP. For purposes of responding to this prompt, “applicable plans” include the Safe Return to In-Person Instruction and Continuity of Services Plan and the ESSER III Expenditure Plan.

California Department of Education
November 2021

Local Control Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Sundale UESD	Cindy Gist Principal	cindy.gist@sundale.org 5596887451

Plan Summary [2022-23]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Sundale School is a single school district in a rural area of Tulare County. Currently, Sundale has 772 students ranging in grades TK-8th, with more than half of the students coming from outside the District boundaries. The School has one Transitional Kindergarten classroom, four classes in grades kindergarten -3rd and three classes from 4-8th grades.

Sundale's mission statement is: "Committed to Moral Integrity, Academic Excellence, and the Development of Self Worth for Students, Staff, and Community". The School prides itself on working to develop the whole child from Character, Wellness, finding the student's strengths outside of academics (by offering fine arts, sports, ag, career exploration, and other extra-curricular activities) and a rigorous Academic Program.

Sundale provides their students with academic and social-emotional support as needed. The School has a reading lab, two computer labs, two science labs, a library, multi-media room, ag science facility, art room, and band room. Students are offered opportunities to participate in various programs on campus throughout the school day. The school has two full-time counselors, both are on-site to talk with individual students, parents and/or provide class lessons on bullying or other topics needed.

Currently, Sundale's enrollment consists of 10% English Learners, 36% Socioeconomically Disadvantaged, 3% Students with Disabilities, .2% Foster, 15% Homeless and 3% GATE. The Race/Ethnic breakdown of Sundale is: 44.89% Hispanic, .38% American Indian, .76% Asian, .13% Black/African American, .13% Hawaiian/Pacific Islander, and 50.57% White.

Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

Senate Bill 98 and Assembly Bill 130 suspended the reporting of performance indicators in the 2020 and 2021 Dashboards, therefore, reflections on successes and/or progress are based on the most recently available state and local data, educational partner input, and any relevant 2019 Dashboard information still applicable to the maintenance of actions attributable to successful outcomes. The last State Test (SBAC) taken by Sundale Students was in 2019. We were pleased with the performance of our students. In the area of English Language Arts, our students were 8.9 points above the standard and in Math, our students maintained .3 points above the standard. On our District Assessment Results from March 2022, students scored 54% At or Above Grade Level Standard in English Language Arts and 66% in Math. We are proud of these results despite the number of times students have been out of school and receiving instruction virtually. This year three students are being redesignated from the English Learner Program. Suspensions were at .2% for 2021 with the Attendance Rate at 96.07%. 96% of our Staff feel safe on campus and our campus is in good repair, based on the Facility Inspection Tool. 100% of our students were offered a chrome book and hot spot for this year to be checked out if needed. Parents have continued to stay involved at Sundale through virtual parent meetings being offered for PTO, SSC, Dad's Club meetings, and Question / Answer Sessions with Administration. 66% of parents filled out the School Survey in 2021. Sundale plans to maintain and continue to build upon these successes with our continued work with our Actions stated in the plan.

Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Senate Bill 98 and Assembly Bill 130 suspended the reporting of performance indicators in the 2020 and 2021 Dashboards, therefore, reflections on successes and/or progress are based on the most recently available state and local data, educational partner input, and any relevant 2019 Dashboard information still applicable to the maintenance of actions attributable to successful outcomes. Sundale would like to see progress from our English Language Learners on District Assessments, 14% scored At or Above Grade Level in March of 2022 in the area of English Language Arts with 24% in Math. Sundale is excited to have all students back on campus full-time. The plan is to have these students participate in after-school tutoring for intensive intervention in the area of ELA and Math through our in-class RTI time, reading lab, and summer school. In reviewing the 2019 Dashboard, the following student groups scored two performance levels below the "All Student" group, in ELA- English Learners, Hispanics, Homeless and SED students scored in the orange and all other student's performance was indicated as green. In Math, our English Learners, SED and Homeless student groups' performance levels were orange and the "All Student" group was green. Sundale plans to focus on working with these students in small intervention groups as we go into next year. There are 96% of our students who have indicated feeling safe on campus, we would like to maintain this percentage of our students feeling safe on campus. In addition to the school survey, Sundale's administration team hosted Question and Answer sessions monthly to hear the concerns of parents as well as sharing new information regarding the Pandemic to our parents. Sundale will continue to work to increase not only the academics of all our students but also work to ensure our students have a positive self-concept, feel secure socially and emotionally, develop relationships on our campus and feel safe to be on campus.

LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

A few new highlights in the plan are addressed to the following student groups, Foster, Homeless, Socio Economically Disadvantaged, and English Learners are:

- *Partnership with the Sundale Foundation to offer parenting classes and after-school tutoring, summer school, in the facility located in the middle of our community.
- *Career Education is provided throughout the grade levels.
- *Students will continue to have a late bus offered five times per week to encourage their participation in after-school activities.
- *Forecast Analytics, assessment data program, for teachers to better evaluate student progress and for parents to better understand results.
- *Supplemental school supplies distributed to low-income, EL, and foster students to ensure their success in school.
- *Social-Emotional Survey distributed to students to identify students and provide needed support.
- *Link available for students and parents to access at any time to report health and/or safety concerns for our students (Say Something).
- *Partnering with the Tulare County Office of Education for support in the area of Technology and Strategies in working with our English Language Learners.
- *Additional Intervention provided by our Reading Specialist Teacher to students.
- *Provide families the opportunity to check out a chrome book and/or hot spot to be used at home.
- *Parent Orientations are held three days at the start of school.
- *Core Curriculum Coordinators to provide Professional Development to Staff.
- *Supporting our students in the area of Technology and providing a Broad Course of Study.
- *Enrichment opportunities for students, before school, lunch, and after school.
- *Campus is more secure during the day with fencing and gates being installed.
- *Two counselors, School Psychologist, Nurse on campus and available for parents and students.
- *Intervention strategies provided to students such as tutoring, summer school, RTI, and support for our Long Term English Learners.
- *EL Parent Liaison to support and welcome parents as they are on campus and have questions

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

None

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Not applicable

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

Not applicable

Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

PTO/PAC Meetings: 3/2; and 4/6; School Site Council / DELAC Meetings: 10/20; 12/15; 2/16; 4/20 ; 5/10 Staff Meetings (including teacher, bargaining units, administration and classified staff): 8/2; 11/16; 4/7; 3/3 Parent Question/Answer Sessions: 9/9; 1/26; 3/24. Student Group meeting: 2/22; Parent Resource Meeting 1/26. During these meetings information was exchanged regarding the review of the LCAP, input provided by educational partners, and Data shared. These exchanges have led to meaningful engagements including praises of the accomplishments as well as suggestions made.

Sundale held all parent meetings as a hybrid (Zoom or in-person). Parents were notified of meetings through all call phone messages as well as through social media. Parents shared their thoughts at PTO, School Site Council, Parent Survey, and Parent Question / Answer sessions held monthly with the Administration. Sundale Superintendent meets with the SELPA six times per year. The input received from all Educational Partners meetings was positive in addressing what Sundale currently has in place.

A summary of the feedback provided by specific educational partners.

Parents shared they enjoyed meeting the teacher prior to school starting in August. Parent orientations were held with the student, parent, and teacher. It was indicated that orientations gave parents an opportunity to hear what the expectation was from the teacher as well as share with the teacher their child's needs. Parents have been suggesting for Sundale to have more of a closed campus. That has been able to happen with all gates locked by 8:30 with the exception of the front gate. This gives only one access to the campus during the day, PTO/PAC shared their appreciation for the overall school safety that has been addressed. SSC shared the great achievements they have seen from our Reading Specialist in the Reading Lab. Teachers and Classified staff (inclusive of Bargaining Units) also indicated this as being a positive change to the campus, ensuring safety. The additional support for our students in the area of reading has been recognized and appreciated. Parents and Staff have appreciated the training in the area of Social-Emotional Learning Support for our staff and Parents and the continued checking in with students from our counselors. Sundale students appreciated the availability of Chromebook checkouts and would like to see that continued next year as well as additional enrichment classes being offered during summer and after school. The DELAC parents have greatly appreciated all the communication provided to them, support from staff, the translations offered at the meetings as well as all the opportunities offered to their students. No written notification was needed from our Superintendent.

A description of the aspects of the LCAP that were influenced by specific input from educational partners.

Parent orientations will continue to be scheduled for the start of the school year. Sundale will also continue to implement the technology check-out for all families interested, including hot spots to offer connectivity to all of our families (Gaol 3 Action 1) As addressed in Goal 1, Action 7, Sundale will continue with the support in our Reading Lab from our Reading Specialist for students in grades 1-5th. The support from the Community Center (V Center) in providing parent education, enrichment, and student academic support in Goal 2 action 5 will continue as DELAC parents commented on. Sundale plans to continue with our two full time counselors as suggested by our Staff (Bargaining Units). The 2019 Dashboard indicates English Learners, Hispanic, Homeless and SED groups performed two levels below (Orange) the "All Student" group and in Math the English Learners, SED and Homeless student groups all performed in the Orange, two

performance levels below the "All Student" group. Sundale will continue with the interventions that are set up to work with students in the area of academics. Input received from the Educator Partners through the LCAP development process indicates a desire to see our student's performance increase to improve both student's ELA and Math scores. Input received from Educator Partners through the LCAP development process indicates a desire to see our student's performance increase to improve both student's ELA and Math scores as well as continue to increase the Language Proficiency Level of our English Learners.

Goals and Actions

Goal

Goal #	Description
1	All students will demonstrate growth towards meeting or exceeding standards in English Language Arts (ELA) and Math as demonstrated through local formative assessments and State Assessments.

An explanation of why the LEA has developed this goal.

Analysis of current student performance on local benchmark assessments show that 54% of students scored at or above grade level standard in ELA and in Math, 66% scored at or above grade level standard. (Data bases from March 2022)
 Input received from the Educator Partners through the LCAP development process indicates a desire to see our student's performance increase to improve both student's ELA and Math scores. The 2019 Dashboard indicates English Learners, Hispanic, Homeless and SED groups performed two levels below (Orange) the "All Student" group and in Math the English Learners, SED and Homeless student groups all performed in the Orange, two performance levels below the "All Student" group. Performance from these groups on District assessments indicate 14% of EL students scored at or above grade level standard in ELA and in Math, 24%; SED students 41% scored at or above grade level standard in ELA and in Math, 49%; Hispanics students 43% scored at or above grade level standard in ELA and in Math, 54%

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
State Assessment: SBAC Performance	2019 Data--ELA: 57.03% met or exceeded; 8.9 points above the standard (Increased 4.1 points-green); Math: 50.19% met or exceeded; .3 points above the standard (Maintained - 1.4 points-green)	2021 Data: ELA: 52.37% Met or Exceeded Math: 50.88% Met or Exceeded			ELA: 5 points above the standard Math: 5 points above the standard
Pupil Suspensions	School Suspension 2020= 0%	School Suspension 2021= .2%			School Suspensions: below 2%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Parents Education and School Participation of all parents (including parents of exceptional needs and Unduplicated pupils)	2020: 25 parents educated	2021: 25 parents educated			Minimum of 25 parents
District Benchmark Assessment: STAR Renaissance (ELA and Math) Percent of All Students At or Above Grade Level Standard	2020 ELA: 61% At/Above Standard; Math: 81% At/Above Standard	2nd Trimester Data: 2021 ELA: 54% At/Above Standard; Math: 66% At/Above Standard			ELA: 70% At/Above Standard Math: 70% At/Above Standard
Response to Intervention (RTI) meetings: Grade Span Team Meetings in collaboration with the Administration Team to discuss students who are in Tier 2 and interventions provided.	2020: 3 meetings held	2021: 3 meetings held			Minimum of 3 RTI meetings held
Teachers appropriately assigned as Multiple Subject Credential Teachers.	2020: 100% of teachers assigned appropriately with proper credentials	2021: 100% of teachers assigned appropriately with proper credentials			100% of teachers appropriately assigned as Multiple Subjects Credentialed teachers

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Collaboration for Improved Student Academic Services with Administration team and teachers	2020: Two meetings held	2021: Two meetings held			Teachers and Administration team meet twice per year
Degree to which students have standards-aligned instructional materials.	2020: 100% reported on Williams Report	2021: 100% reported on Williams Report			100% as reported on Williams Report

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Supplemental Curriculum Support and Resources	Continue full implementation using grade-level scope and sequence of ELA, Math, and Science (NGSS) Standards taught by certificated teachers along with professional development opportunities. Provide Supplemental instructional/assessment materials and supplies along with student incentives.	\$80,288.00	Yes
1.2	Parent Education	Parents will be educated on teaching strategies and other interested topics that will benefit their children at home and to provide support to the parents.	\$0.00	No
1.3	Student Intervention	Provide intervention support and teaching through RTI time/classes, reading lab, math and reading academy, tutoring and summer school session if applicable (with transportation), all done with Para Professionals and Certificated Staff support.	\$527,038.00	Yes
1.4	District and State Testing Assessment Coordinator/Director and Data System	The Assessment Director Staff member monitors student assessment data and ensure district is meeting academic goals through the Data System. The State Testing Coordinator organizes, schedules and monitors State Testing.	\$14,298.00	Yes
1.5	Core Curriculum Coordinators	The three coordinators (ELA, Math, and Science) will support teachers to develop curriculum and programs to provide both intervention and extension opportunities for our students. In addition to two teachers	\$2,988.00	Yes

Action #	Title	Description	Total Funds	Contributing
		assigned as Science Lab Coordinators to ensure supplies and Labs are maintained. ELA and Math are integrated into the teaching of Science and Social Studies.		
1.6	New Teachers Educated and Supported by Sundale Staff	Teachers supported through BTSA and new teacher support services on campus by a certificated teacher and the County Office of Education.	\$9,618.00	Yes
1.7	Reading Specialist	Reading Specialist to focus on the needs of our unduplicated student population in the area of reading during the school day as well as after school support.	\$129,668.00	No

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

There were no substantive differences in the planned actions and actual implementation of these actions. Additional money will be allocated for 2022-2023 for Actions 1.3, 1.5, 1.6 and 1.7 due to the increase in salaries for personnel working with these student groups.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There was an increase in expenditures in Actions 1.1, 1.3 and 1.7 due to increased salary amounts and hourly rates after negotiations.

An explanation of how effective the specific actions were in making progress toward the goal.

The Reading Specialist has provided great support to our students this year. We have seen great growth in our students scores in 1st grade (46.5% showed growth; 51.7% growth in 2nd and 79% growth with our 3rd graders). Teachers met their grade level scope and sequence map teaching all State Standards while addressing students individual academic needs by providing intervention (Tutoring, Math Academy, Learning Center, Reading Lab, small group supports) and utilizing additional supplemental curriculum and assessments. This helped to impact the growth of our students.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The Baseline scores from 2020 with the District Assessments were very elevated for math with most of our student groups. This may be the result of some students taking the assessments from home and having parental support. The desired outcome for 2023-2024 has been changed to better reflect where our students are.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
2	English Learners will demonstrate growth on the State Language Assessment (ELPAC) as well as more students scoring at or above the grade level standard on Local Assessments in ELA and Math.

An explanation of why the LEA has developed this goal.

Analysis of student performance on the State Assessment (ELPAC) from 2020 shows that 52.4% of students are making progress towards language proficiency and current local benchmark assessments show that 14% of students scored at or above grade level standard in ELA and in Math, 24% scored at or above grade level standard. Of particular concern is the performance in ELA for our English Learners. Input received from Educator Partners through the LCAP development process indicates a desire to see our student's performance increase to improve both student's ELA and Math scores as well as continue to increase the Language Proficiency Level of our English Learners.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Class Schedules reflecting ELD Designated Time for students	2020: 100% of teachers schedules	2021: 100% of teachers schedules			100% of teachers providing ELD Designated time.
English Language Development State Adopted Standards taught to English Language Learners	2020: 100% of teacher teach the ELD standards to their English Language Learners.	2021: 100% of teacher teach the ELD standards to their English Language Learners.			100% of teachers teach the ELD standards to their English Language Learners.
Reclassification Rate	2020: 2 Students Redesignated	2021: 3 Students Redesignated			5-10 Students Redesignated
State Assessment: ELPAC Students reaching English Proficiency levels	2020: 52.4% of English Learners Making Progress towards the English	2021: 49.3% English Learners Making Progress towards			Minimum of 55% making progress

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
	Language Proficiency based from the ELPI.	English Language Proficiency			
District Benchmark Assessment: (Measuring performance of English Learners) STAR Data (English Language Arts and Math)	2020: ELA: 13% At/Above Standard; Math: 44% At/Above Standard	2021: ELA: 14% At/Above Standard; Math: 24% At/Above Standard			40% of students At/Above Standard in Math and ELA

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	ELD instruction, assessment, support and resources.	Continue to implement the ELD standards and State Testing (ELPAC). Provide supplemental instructional materials and supplies to teachers as well as Professional Development directly related to teaching ELD lessons and addressing the needs of our English Learners.	\$9,329.00	Yes
2.2	Staffing to work with English Learners	Maintain staff time (EL para-professional) to better provide for our EL students, including our LTEL's (Long Term English Learners) and EL parents.	\$44,615.00	Yes
2.3	EL Coordinator	Maintain certificated teacher assigned as EL coordinator to support teachers to develop lessons, evaluate needs of students based on data and support/training through State testing.	\$2,600.00	No
2.4	EL Parent Liaison	Maintain certificated teacher assigned as EL Parent Liaison to support parents and educate them on the programs their students are using in school as well as other identified needs of the parents.	\$1,340.00	Yes

Action #	Title	Description	Total Funds	Contributing
2.5	Partner with Sundale Foundation to support parents and students	Provide enrichment activities for EL students to feel better connected with school, which in turn show improvements academically and socially emotionally. These activities will take place on the school site and the V Center, Community Center.	\$1,900.00	Yes
2.6	Student Incentives	Provide incentives for students who maintain high Proficiency levels on the ELPAC and for students who are redesignated. The EL coordinator and parent liaison will organize and implement these incentives.	\$500.00	Yes

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Due to the national pandemic some of the activities were not fully funded. Unused funds were utilized in other areas where salaries and hourly rates had been increased as indicated in Goal 1. Action 2.4, there was no money spent due to parents not being allowed on campus as well as 2.6 student incentives were not distributed due to the change in testing time for students. We hope to distribute incentives at the start of the year.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The EL Parent Liaison will resume her in person meetings with the parents this next year. Parents met via zoom therefore there was no additional cost to the district for personnel costs. Student incentives for ELPAC results will be given out next year due to not receiving results until the summer.

An explanation of how effective the specific actions were in making progress toward the goal.

The actions are effective as we continue to see growth in our students with the number of students redesignated and the slight increase in performance in ELA.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

A change was made to the desired Metric for students with their performance on the District Assessments to 40% of students meeting the AT/Above standard level in ELA and Math. We have found with the pandemic we are needing to work to bridge the gaps with the loss of in person instruction.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
3	Provide students a 21st Century Learning experience by using technological devices and Work Based Learning Opportunities through the Sundale College Career Readiness Model.

An explanation of why the LEA has developed this goal.

This goal was developed through Educator Partner meetings to continue to prepare and support our students as they go into High School and the work force to be productive citizens with knowledge in a variety of broad areas as well as proficient in the area of technology use.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Student to Tech Device Ratio	2020 Baseline 80%	2021 100%			100% Tech to Student Ratio
Student Technology Access	100% of students have access to technology.	2021-2022 100% of students have access to technology.			100% of students have access
Percentage of students with access and enrollment in a broad course of study includes programs and services developed and provided to individuals with exceptional needs and unduplicated pupils.	2020: 100%	2021: 100%			100% of students

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	Technology devices and supports	Provide students a 21st century learning experience through the use of technological devices, hotspots and 21st century furniture being updated every three years.	\$2,000.00	Yes
3.2	Technological support to staff and parents by the Tech Director	Provide technical support and professional development to the staff and parents on technology programs and strategies to use in the classroom through the Technology Director, who is a certificated teacher on site.	\$2,597.00	Yes
3.3	Technology Maintenance Staff Support	Maintain three classified staff members to support the maintenance of the devices as well as supporting staff and student needs.	\$157,704.00	Yes
3.4	Broad Course of Study including programs and services developed and provided to individuals with exceptional needs.	Students will use technology and other resources to access a broad course of study. Such as all those addressed in the LCAP and also including: Visual and Performing Arts, Career Technical Classes, Foreign Language, Ag Science, and Multi-Media Arts.	\$6,934.00	Yes
3.5	College Career Readiness	Provide support and professional development to the staff and parents on College Career Readiness and strategies to use in the classroom through the College Career Coordinator, who is a certificated teacher on site.	\$2,597.00	Yes

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

All planned actions were done as indicated. With having students checkout chromebooks there are more opportunities for all students to practice their skills at home with the programs purchased by Sundale in the areas of ELA and Math.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The Supplemental/Concentration money was not needed to replenish technology due to the COVID money received as well as the additional money covering some of the support staff. The Technology Maintenance Staff contributed to meeting the student and staff needs with technology on campus as well as technology which was checked out for student home use.

An explanation of how effective the specific actions were in making progress toward the goal.

Sundale is excited that we are now 1 to 1 with technology devices in addition to having technology available for our students to checkout. Having the technology check out system for all students increases the availability for students to access the curriculum from home, practice their skills, complete their homework and provide parents the opportunity to work along side their student. Also having the tech staff available to trouble shoot issues and provide support to our staff, students and parents.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

There are no changes, although we will like to continue to maintain the 1 to 1 technology devices for our students.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
4	Increase the percentage of students who feel that school is a safe and supportive environment with strong adult relationships and a sense of belonging, especially for students who are foster youth, experiencing homeless and/or low income.

An explanation of why the LEA has developed this goal.

This goal was developed through the meetings with Educator Partners wanting to continue to see our students in a safe and secure environment on campus and to ensure students have a positive self concept and a stable social-emotional well-being. 96% of students indicated feeling safe at school. Sundale would like to see that percentage maintained with our students.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Pupil Expulsion Rate	2020: 0%	2021: 0%			0%
Students in Middle School Drop Out	2020: 0%	2021: 0%			0%
Students feeling safe (Sundale’s Student Survey)	2020: 73%	2021: 96%			Minimum of 80%

Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Counseling Support and Resources	Provide counseling services (2 full time counselors) for students as well support for parents and staff utilizing the results from the Social/Emotional Student Survey.	\$238,788.00	Yes
4.2	Supplemental School Supplies	Provide English Learners, low income, foster, and students with exceptional needs with needed supplemental supplies to help make them more successful in school.	\$2,000.00	Yes
4.3	Parent Education	Provide parent information sessions as needed on social and emotional behaviors seen in students.	\$0.00	No

Action #	Title	Description	Total Funds	Contributing
4.4	Transportation for Extra-Curricular Activities	A late bus (5:00; Monday-Friday) will be available to students five times a week to allow students to participate in after school sports, enrichment and extra- curricular activities.	\$4,000.00	Yes
4.5	Enrichment Activities	After School and/or lunch time Enrichment Activities will be offered periodically throughout the year for students and/or parents to have more opportunities to get involved and have a sense of connectedness at School. These will be offered on site or at the V Center (Tutoring facility in our community, owned by Sundale Foundation).	\$12,523.00	Yes
4.7	Partnership with Foundation	Partner with Foundation Staff for services at the V Center (Community Center) for tutoring and enrichment activities for Sundale Students after school. Parents, students, and staff recognized at a recognition dinner for their service at the V Center.	\$2,000.00	Yes
4.8	County Nurse	County Nurse contracted for an additional 17 days per year to service with medical needs and students with disabilities.	\$16,573.00	Yes
4.9	School Psychologist	School Psychologist Contracted for additional days (totaling 1 day per week) to support students and families in the area of Mental Health.	\$27,000.00	Yes
4.10	Professional Development on Social-Emotional Learning (SEL)	Provide Professional Development for all staff on SEL strategies and structures for relationship building and safe and supportive environments in order to reinforce the social and emotional capacities of all adults who work with the students.	\$0.00	No

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

All planned actions will remain the same in keeping both of our full time counselors. The substantive difference is with Action 4.6, Sundale did not have a Family Service Worker this year.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The changes in budget for our counseling services with adding an additional full time counselor. There were no expenses for Supplemental School Supplies (Action 4.2) due to the ARP Homeless Grant money received. The COVID money assisted in paying for some of our County Nurse therefore more money was allocated to our School Psychologist.

An explanation of how effective the specific actions were in making progress toward the goal.

We have found that having two full time counselors (Action 4.1) on campus has contributed to the stability of our students Socially and Emotionally and the overall sense of safety on campus. 97% of parents feeling safe and connected on campus results in students feeling connected as well. The School is in good repair as well as staff (96%) believe that health and safety protocols are practiced regularly. 96% of students indicated feeling safe on campus.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The only change with this goal is to eliminate the support from the Family Service Worker due to there being no replacement from the Tulare County Office of Education.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2022-23]

Projected LCFF Supplemental and/or Concentration Grants	Projected Additional LCFF Concentration Grant (15 percent)
629,015	0

Required Percentage to Increase or Improve Services for the LCAP Year

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
8.75%	0.00%	\$0.00	8.75%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

The District has projected that it will receive \$629,015 in Supplemental and Concentration Grant Funds. The District's Minimum Proportionality Percentage for low-income pupils, Foster youth, English Learner is 8.75%. Sundale Union Elementary School is meeting the minimal proportionality requirement by providing direct services specifically to unduplicated pupils including additional services added. The needs of Sundale's English Learners, Foster Youth, and Low-Income Students were considered first with all of the actions listed below provided to the entire school. Sundale also assessed all of the means and resources available to address the identified needs of Unduplicated Pupils through metric results, listening to Educational Partner meetings, school survey results, these Actions were developed with the intent to mitigate or eliminate the challenges and obstacles experienced by Unduplicated Pupils by providing supports necessary to increase the achievement and success outcomes of these students. The process of meeting with Educational Partners assisted in identifying the needs of the actions to continue with the LCAP goals. The progress of the Actions will be measured through Staff, Parent Surveys, District/State Assessment Results, a participation rate of parents, and other ways as noted in the plan.

Actions in Goal 1: Actions will be measured through State/District Assessments; Suspension Rates; Parent Participation in Parent Education Opportunities; Percentage of Teachers Appropriately Assigned; Implementation of State Standards; Collaboration meetings with Administration Team and Teachers.

Sundale's English Learners, Hispanic, Homeless, and Low-Income Students all performed in the Orange Category on the State SBAC Assessment in the area of English Language Arts (ELA). English Learners, Low-Income, and the Homeless student groups also performed in the Orange Category for Math. The following Actions will assist the students in these particular groups to meet their needs in the area of ELA and Math.

- *Supplemental Curriculum Support and resources for these identified students to provide specific assistance in the area of Math and ELA.
- *Parent Education dedicated to parents of these students to provide support at home. Parent meetings are held for parents to have a good understanding of what supports can be addressed at home and programs can be utilized for their children.
- *Intervention support provided by Certificated teachers and paraprofessionals. Students are assigned to the Intervention classes if additional academic support is needed for them to be successful. These class sizes are smaller in scale and paraprofessionals are assigned to the class as well.
- *Data system to better monitor student progress towards goals. The data system supports the teacher to quickly identify academic gaps for their students and provide the needed support as well for the administration to monitor student's progress in a timely manner.
- *Curriculum Coordinators to research and train staff. The Curriculum Coordinators research best practices for servicing students in these particular groups, support curriculum that will best support their needs as well as providing professional development to the staff.
- *New teachers supported through BTSA and on-campus support. All new teachers are assigned to a certificated teacher on campus their first two years to support their teaching and to collaborate on best practices in working with students in these groups.
- *Reading Specialist dedicated to working with students in these groups in the area of reading specifically and closing the gaps.

Actions in Goal 3: Actions will be measured by the Percentage of students having access to a Broad Course of Study; the Percentage of Technological devices; and the Percentage of students having access to technology

Parents and Teachers have addressed the concern with students not being able to connect at home as well as students having access to technology at home specifically with our unduplicated student population. Students living in our rural area do not have internet access, the hot spots have been a great need. Sundale will continue to update technology as needed as well as continue to allow families to check out devices and hot spots for the year. This will support students' learning and teaching.

- *Technology devices and hot spots provided to students for home use. Through stakeholder meetings parents found this to be helpful for their students to work from home and to have connectivity.
- *Tech Director to support staff and student needs to enhance their learning through the use of technology as well as technology maintained for proper functioning for the students to use.
- *Accessing a Broad Course of Study allows these students to participate in programs that they have an interest in, above and beyond academics.
- *College Career Readiness tools taught to the students, such as the Sundale Shake to better prepare them for the future.

Actions in Goal 4: Actions will be measured by Pupil Expulsion Rate, Middle School Drop out Rate, Student's feeling safe on campus; Williams Report, Facilities Report, Sense of School Safety for Parents and Staff; Attendance Rate, Chronic Absenteeism, Parent Survey and participation at Educator Partner meetings.

Through Educator Partner Engagement with our Staff as well as our Social Emotional Surveys from students, students are suffering from anxiety, social-emotional distress, and lack of motivation. These are the actions we have selected to address those needs. Students will be impacted by having a more positive sense of themselves, better equipped to deal with anxiety and a better outlook on life and school. The outcomes will be seen by the student surveys completed, as well as counseling referrals, discipline, and attendance.

*Counseling support for students to support their social-emotional needs and feeling of connectedness.

*Supplemental school supplies for students provided to ensure their needs are met and not having proper supplies does not hinder them to participate or feel comfortable.

*Educating our parents on Parenting tools and tips, Educational needs of their child(ren), and other areas requested by parents.

*Transportation for students after school to increase their participation in after-school activities. Students are more willing to participate in extracurricular activities with transportation being provided. This has also assisted with students who needed additional support after school with tutoring.

*Enrichment activities organized for students during lunch and/or after school to promote their school connectedness.

*Partner with the Sundale Foundation to provide after-school services for our students to enhance their participation in extracurricular activities.

*County Nurse to support parents and students with their health and welfare needs.

*School Psychologist to assess students and provide support to the School, parents, and students.

*Social-Emotional Learning Training for the Staff to ensure these needs are being met with our students on a daily basis. This will allow staff to be better equipped on talking with our students and recognizing signs.

For all Actions in the LCAP identified as Contributing to increasing/improving services for Unduplicated Pupils and being implemented District-wide, Sundale engaged in Educator Partner Engagement and needs-identifying processes that yielded much information as to the identification of Unduplicated pupil needs, as well as the needs of all other students in the district. The Educator Partner groups engaged in this process are identified in the Educator Partner Engagement section of the LCAP, and their input and feedback are included within that section. In addition to information gathered through the engagement of Educator Partners, the district also analyzed Dashboard and local data information, survey results, and other sources to further identify Unduplicated Pupil needs. Information on learnings through this process can also be found throughout the LCAP document. Sundale and the Educator Partners also specifically analyzed the impact of all Goals and Actions in the 2021-2022 LCAP. Results of this analysis indicated that the Actions were having a definite positive impact on student achievement, as achievement results were positive. The decision was made by Sundale and its Educator Partner groups to carry

these Goals and Actions forward into the 2022-2023 LCAP, with the exception of the Family Service Worker not being provided due to there not being a replacement at the Tulare County Office of Education.

Upon identification of needs through the varied methods of data collecting, the process also encompassed an analysis of Unduplicated pupil conditions and circumstances to identify possible causes and the availability of resources to address the needs and causes identified. Actions were developed that first targeted and were principally directed in providing for the needs of Unduplicated Pupils in closing the achievement gap and addressing circumstances that affect student success. Resources were appropriately directed and metrics to measure progress and results were developed that tie directly to intended targeted outcomes for these Unduplicated Pupil groups.

While principally targeted to address and support the needs of Unduplicated pupils, the needs-identifying processes also revealed that many students who are not identified as Unduplicated presented many of the same needs as the unduplicated Pupil group. To more effectively and efficiently deliver Actions services principally directed at Unduplicated Pupils, these Actions will be implemented District-wide to all students in need of these services, not just Unduplicated.

Even though the district has an Unduplicated pupil percentage under 55%, through 2021-22 analysis of the needs and circumstances of Unduplicated students, it was evidenced that many more others are in need and would greatly benefit from services targeted at Unduplicated Pupils. The district and its educational partners analyzed how best to meet the needs of Unduplicated Pupils and best effectively and efficiently deliver services to maximize the impact for these students. It was decided that all Actions within this section can be most effective if implemented school wide.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

The District has projected that it will receive \$629,015 in Supplemental and Concentration Grant Funds. The District's Minimum Proportionality Percentage for low-income pupils, Foster youth, English Learner is 8.75%. Sundale Union Elementary School is meeting the minimal proportionality requirement by providing direct services specifically to unduplicated pupils including additional services added. The needs of Sundale's English Learners, Foster Youth, and Low-Income Students were considered first. Foster youth, English Learners, and our low-income students will be given priority for the actions indicated above. These services will be above and beyond other students including being academically supported in the classroom by para-professionals during the school day, offered academic and social-emotional supports during lunch and after school as well as summer school offerings. These results will be measured by District and State Assessments, Student Social-Emotional Surveys, Educator Partners input, Attendance, and Discipline. In addition, the Actions below are specifically targeting the identified needs of the district's English Learners and further contribute to the district's meeting of the Minimum Proportionality requirement to increase/improve services for Unduplicated Pupils.

Actions in Goal 2: Actions will be measured through Class schedules indicating ELD Time; ELPAC Assessment Results; District Assessment Results; Reclassification Percentage; Implementation of ELD Standards

These actions will address the need for our English Learners Academic performance and involvement in school activities as identified by our Educational Partners. The outcome will be seen with their District and State Assessment results.

*ELD Instruction in the class used to support the students at their English Language Proficiency Level as well as additional supplemental material and resources provided.

*Paraprofessional support provided to our students for small group instruction and student's individual needs to be met.

*EL Parent Liaison to communicate and train parents on how they can assist their students at home and build relationships with the parents to be confident to also participate on campus.

*Partnering with Sundale Foundation to provide enrichment activities and additional support to our students. Students feel better connected to the school by being provided these opportunities.

*Incentives for students on their academic performance. Students respond to positive incentives and for being recognized for their achievements.

The District has calculated that there is no Carryover funding amount from the 2021-2022 school year. All Supplemental and Concentration Funding received for the 2021-2022 year was spent on increasing / improving services for Unduplicated Pupils.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

The District did not receive additional Concentration grant add on funding 2022-2023.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	n/a	n/a
Staff-to-student ratio of certificated staff providing direct services to students	n/a	n/a

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
 - Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).

The LCAP template, like each LEA’s final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA’s diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

Requirements and Instructions

General Information – Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

Reflections: Successes – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

Reflections: Identified Need – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category or any local indicator where the LEA received a “Not Met” or “Not Met for Two or More Years” rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

LCAP Highlights – Identify and briefly summarize the key features of this year's LCAP.

Comprehensive Support and Improvement – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: <https://www.cde.ca.gov/re/lc/>.

Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

Local Control and Accountability Plan:

For county offices of education and school districts only, verify the LEA:

- a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.
- b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.

- c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.
- d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.
- e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

Prompt 1: “A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.”

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA’s philosophical approach to engaging its educational partners.

Prompt 2: “A summary of the feedback provided by specific educational partners.”

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

Prompt 3: “A description of the aspects of the LCAP that were influenced by specific input from educational partners.”

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions

- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

Focus Goal(s)

Goal Description: The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Broad Goal

Goal Description: Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Goal Description: Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Explanation of why the LEA has developed this goal: Explain how the actions will sustain the progress exemplified by the related metrics.

Required Goals

In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

Consistently low-performing student group(s) criteria: An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at <https://www.cde.ca.gov/fg/aa/lc/>.

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA’s eligibility for Differentiated

Assistance. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.

- **Goal Description:** Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA's eligibility for Differentiated Assistance.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

Low-performing school(s) criteria: The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the "All Students" student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE's Local Control Funding Formula web page at <https://www.cde.ca.gov/fg/aa/lc/>.

- **Low-performing school(s) goal requirement:** A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.
- **Goal Description:** Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g., high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric:** Indicate how progress is being measured using a metric.
- **Baseline:** Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome:** When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome:** When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome:** When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023–24:** When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Enter information in this box when completing the LCAP for 2021–22 .	Enter information in this box when completing the LCAP for 2021–22 .	Enter information in this box when completing the LCAP for 2022–23 . Leave blank until then.	Enter information in this box when completing the LCAP for 2023–24 . Leave blank until then.	Enter information in this box when completing the LCAP for 2024–25 . Leave blank until then.	Enter information in this box when completing the LCAP for 2021–22 or when adding a new metric.

The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

Actions: Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No. (**Note:** for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

Actions for English Learners: School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.
- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Requirements and Instructions

Projected LCFF Supplemental and/or Concentration Grants: Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

Projected Additional LCFF Concentration Grant (15 percent): Specify the amount of additional LCFF concentration grant add-on funding, as described in EC Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year: Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

LCFF Carryover — Percentage: Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar: Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year: Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

Required Descriptions:

For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 CCR Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

Principally Directed and Effective: An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA’s goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

COEs and Charter Schools: Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

For School Districts Only:

Actions Provided on an LEA-Wide Basis:

Unduplicated Percentage > 55 percent: For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

Unduplicated Percentage < 55 percent: For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

For schools with 40 percent or more enrollment of unduplicated pupils: Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

For school districts expending funds on a schoolwide basis at a school with less than 40 percent enrollment of unduplicated pupils: Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in EC Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)

- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

Data Entry Table

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.
- If "Yes" is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
 - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
 - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
 - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- 4. Total Planned Contributing Expenditures (LCFF Funds)
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column
- 5. Total Planned Percentage of Improved Services
 - This percentage is the total of the Planned Percentage of Improved Services column
- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)
 - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- 6. Estimated Actual LCFF Supplemental and Concentration Grants
 - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- 4. Total Planned Contributing Expenditures (LCFF Funds)
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds)

- 7. Total Estimated Actual Expenditures for Contributing Actions
 - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)
- Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)
- 5. Total Planned Percentage of Improved Services (%)
 - This amount is the total of the Planned Percentage of Improved Services column
- 8. Total Estimated Actual Percentage of Improved Services (%)
 - This amount is the total of the Estimated Actual Percentage of Improved Services column
- Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

LCFF Carryover Table

- 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)
 - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)
 - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- 13. LCFF Carryover — Percentage (12 divided by 9)
 - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
